offers touch screen advertising signage player Floor-stand advertising player. MTS signage player is outstanding with fresh appearance, easy operation and flexible installation. Instead of single touch, MTS offers 10 points multi-touch to satisfy your need on advertising and interactive with multi-users.

The displays are in 16:9 aspect ratio with the size of 21.5", 32", 43", 49", 55" and 65". The advertising player series are the best choice for digital signage, interactive information, kiosk, industry automation and other applications.

### UMSCVD series

- UMSC215-VD
- UMSC32-VD
- UMSC43-VD
- UMSC49-VD
- UMSC55-VD
- UMSC65-VD

# Product Features

- Sharp, exquisite appearance with full metal chassis
- Toughened glass with Level 7 Mohs hardness
- Thick metal plate inside to robust structure
- Durable stand without shaking
- Wheels – installation is optional
- System compatible with touch screen monitor/ Windows/ Android touch all-in-one PC

Powerful CPU Intel/ Rockchip Motherboard  
Low Power Consumption / High Performance

Touch

Configuration could be customized (Core i3/ i5/ i7, RK3288/ RK3399)

10-point touch

High-fast response

Ultra-thin flat panel

Waterproof & Anti-light

high-definition Display

Support customized

# Product Features

*Deliver Dynamic Messaging with Sleek*

Android  
& Windows  
(selectable)

1080P  
full HD

Auto power  
On/Off

Cable

## Specification

### Touch Screen Parameters

Touch Screen Type:	Capacitive Touch Screen/Infrared Touch Screen
Response time:	< 5ms
Touch POINTS:	10-Point Touch/6-Point Touch
Touch effective identification:	> 1.5mm(Finger, Touch Pen)
Scanning frequency:	200 Hz
Scanning accuracy:	4096×4096
Communication mode:	Full Speed USB 2.0,3.0
Theoretical clicks:	5000Million Times
Operating current/voltage:	180Ma/DC+5V±5%
Anti-light interference:	Can be used as normal under Sunlight and other lights
Touch data output mode:	Coordinate Output
Surface hardness:	Mohs7-step Explosion-proof Tempered Glass
Operating System:	Windows 7/ 8 /10/ Windows XP / Linux /MAC OS /Android
Drive:	Free Drive, Plug And Play

### LED Screen Parameters

Screen type:	LED Back Light, A-type
Refresh frequency:	60Hz
Viewing angle:	Horizontal 178 Degree, Vertical 178 Degree
Service life:	> 50000Hours

### Power Supply Parameters

Input Power:	110-240V AC 50/60Hz
Overall Power Consumption:	< 60W or 120-280W
Standby Power Consumption:	<1W

### Working Environment

Operation temperature:	-10°C-60°C
Working humidity:	10% - 95%
Storage temperature:	0°C-40°C
Storage humidity:	10% - 95%
